

Teach Kentucky West End Teachers

Deloreon Burton
Assistant Principal

Kennedy Montessori Elementary School

"My favorite thing about being an Assistant Principal is coming into work and seeing 600 smiles everyday!"

Matthew Howell
Science Teacher and Academic Dean
West End School

"Fun fact: I have never taught a girl. All of my oboe students were male and the two schools I've worked at were all-boys."

Keri Kachmar
Language Arts Teacher
Shawnee Middle School

"My favorite thing about teaching is interacting with students and hearing their perspective on life events."

Sam Hahn
Social Studies Teacher
Western Middle School

"I love teaching because every day is filled with something new and you get to see firsthand what you are succeeding at and what needs work. It's all about being able to adapt to provide the best possible outcomes for students."

Kelly O'Riley
Social Studies and English Teacher
Western Middle School

"My favorite part about teaching is witnessing kids who once doubted their abilities finally start to believe in themselves."

Sara Torkelson
Social Studies Teacher
Shawnee Middle School

"I got rid of all of my desks this year and now have a flexible seating arrangement. Students get to choose where they sit: comfy chairs, a couch, bean bags, a rug, a rocking chair, movie theater seats, window-sill "genius bar" or a standing table"

Aubrey Holle
Science Teacher
Western High School

"As a teacher, I enjoy building relationships with kids. I get so much gratification from teaching kids about being solid people- the value of listening, how to understand and empathize others, and what it feels like to be successful at something."
